

Important information about your Sugar-ARM device

Understanding the information here will ensure you a lifetime of learning enjoyment. Before you embark on your journey of computer-based learning, here are some little things you need to know.

WARNING: Turning the volume up too loud may damage your hearing, and may limit your ability to hear other voices. When wearing headphones, do not turn the volume up any higher than 50%.

WARNING: Never force a connector into a port. Doing so may cause damage to the target port, beyond repair. When making a connection, the connector and the port must match.

WARNING: Never send this product into regular household waste. This product contains hazardous chemicals which may pollute the waste treatment plant. Always send this product to a local toxic waste disposal site when disposing of this product.

WARNING: Never dispose of this product in bodies of water. This product contains hazardous chemicals which may kill marine life.

WARNING: Do not attempt to repair this product by yourself. When repair is necessary, always send this product to a manufacturer-authorized service center.
